

## QT CONNECTION DIAGRAM

## QT CONNECTIONS & LIGHTS

## INSTRUCTIONS:

1. Activate your QT.
  - Go to [ruralmeasures.com/activator](https://ruralmeasures.com/activator)
2. Connect QT to your Internet following the QT Connection Diagram (above).
  - Connect one end of the network cable to the back of your Internet box.
  - Connect the other end of the network cable to QT.
  - Connect the small end of the power cable to QT.
  - Connect the large end of the power cable to a household outlet.
3. After 30 minutes:
  - If status lights are GREEN, QT is working!
  - If there is one (1) RED and one (1) GREEN light, QT needs activated (go to #1).
  - If there are two (2) RED lights, check QT's Internet cables.
  - If QT's status lights remain red after another 30 minutes, contact customer support for help.
4. After 7 days, the QT status lights will turn BLUE indicating that it's done.
  - Return QT in provided box with all cables and documents.

# Q & A

## 1. What is the QT ID?

⇒ This is an alphanumeric ID on the top and side of the QT. Each QT has a unique 8-character ID. It looks like this: ab-cd-12-34 and should always be entered by the participant without dashes for activation and graphs: abcd1234

## 2. Where do I go to activate the QT?

⇒ Go to [ruralmeasures.com/activator](http://ruralmeasures.com/activator)

## 3. How do I see my results?

⇒ Take the survey first and then click on the link to go to the graphs page.

## 4. What if I have already taken the survey?

⇒ Go to [ruralmeasures.com](http://ruralmeasures.com) and click on the “See my results” page. Enter your QT ID to view your results in graphs and tables.

## 5. Do I get to keep my results?

⇒ Your results will continue to display until QT is no longer active. At this point, you can print out the results web page if you wish.

## 6. Review of status lights:

⇒ Two (2) RED status lights on top of QT.

- The Internet cable is not plugged in correctly.

⇒ One (1) RED and one (1) GREEN status light on top of the QT.

- The QT needs activated. Go to [ruralmeasures.com/activator](http://ruralmeasures.com/activator)

⇒ Two (2) GREEN status lights on top of QT.

- QT is actively testing. Please leave QT to test until its lights turn blue.

⇒ Two (2) BLUE status lights on top of QT.

- QT is done. Please box up QT with all instruction manuals and cables and then return.

⇒ NO status lights even after 5 minutes. Check QT's power cables and make sure QT is plugged into a working wall outlet and receiving power. If still no status lights, contact support.

## 7. How do I contact support?

⇒ Please contact 1-877-ASK-NPPD or email [ruralmeasures -at- unk.edu](mailto:ruralmeasures-at-unk.edu)
